OUR CULTURE. OUR ROOTS.

In 1923 our dad, William H. Spencer, a true visionary, founded our company in Alliance, OH. Today we provide over 2,200 different skus of packaging products and market them in 55 countries to help people stay organized. We are now celebrating a third generation of family ownership, with more than 150 team members, 70% of whom have been with us more than five years.

BAND-TASTIC VARIETY

In addition to the world's largest variety of rubber bands, we offer Resistor Strips™, Cable Wrapz, Gear Strapz, waterproof UPC-imprinted ProTape and mailing/shipping supplies.

DIVERSITY

Our WBENC Certification as a WOSB – Woman-Owned Small Business helps dealers provide products for both U. S. government set-asides and Fortune 500 Corporate Diversity purchases. We celebrate and encourage diversity in hiring, purchasing and community support.

AMERICAN-MADE

As the majority of our products are USA-made, we offer faster service, fresher stock and consistent top quality.

CREATIVITY TO KEEP YOU A MARKET LEADER

Great ideas come from keen insights, and we are committed to keeping you a market leader rather than a follower, providing customization for your particular needs.

GREEN

Unlike many packaging items, rubber bands are reusable. The majority of our packaging is earth-friendly and most of our bands are from latex, a rapidly renewable resource.

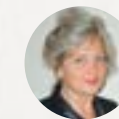

BAND HAPPY THE ERGONOMICALLY CORRECT WAY

Our soft stretch modulus reduces the stress that can lead to Carpal Tunnel Syndrome and costly workers' comp claims. As our bands' elongation is farther than most other brands, consumers can see cost savings by using a smaller size and increasing their count per pound.

OUR CORPORATE CULTURE AND RESPECT FOR OUR CUSTOMERS

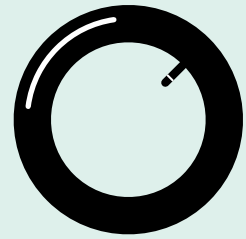

We take pride in nurturing our people at Alliance to excel, and 95% of our managers have been promoted from entry level positions. You'll find us to be helpful, friendly people, dedicated to helping you succeed. We bring both expertise and innovation to the table, continually thinking up new ways to make life easier and more organized than ever.

Read on and discover how Alliance can help hold your world together.

Bonnie Spencer Swayze, President
bswayze@alliance-rubber.com

ALLIANCE: A HISTORY OF INNOVATION

1923

Since 1944 our Hot Springs facility has grown to include more than **150,000 SQ. FT.** with a potential capacity over **2,000,000 LBS.** of bands per month

1957

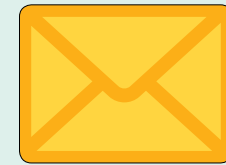

The world's first continuous cure band **PRODUCTION LINE** was installed in our Alliance, Ohio, plant

1986

Awarded the **BLUE CHIP ENTERPRISE AWARD** from the U.S. Chamber of Commerce

1998

Awarded for **EXCELLENCE IN INNOVATION** from the U.S. Department of Commerce's National Institute of Standards and Technology

2012

Founded by William Spencer in **ALLIANCE, OH** when he began slicing reject inner tubes into rubber bands

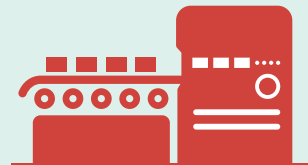

1944

Our first major product innovation led to this patented style of band, which set the world standard for efficiency and ease of application

1969

The world's first imprinted rubber bands revolutionized **WEARABLE MARKETING** and now range from a wide variety of rings and wristbands to the huge, four-color digital-photo-imprinted, exercise Resistor Strip™

1993

Launched **RUBBERBAND.COM**

Added a specialty line of **MAILING, SHIPPING & PACKAGING** supplies to complement our packing and organizing offerings with the purchase of Rotex

Made In USA Certified's Product **INNOVATION OF THE YEAR**

2013

STANDARD BANDS

★ PROUD TO SAY
★ MADE IN THE USA

All of our standard bands are made in the USA and support a wide variety of industries around the world from mailhouses to manufacturing. Custom bands are available by quotation.

PALE CREPE GOLD®

Superior rubber content makes this the gold standard of rubber bands – softest on hands, papers and products.

FEATURES

- Softest, easiest stretch to help prevent carpal tunnel syndrome
- Highest rubber content
- Highest band count per pound
- Longest lasting
- Exceeds federal specification A-A-131B for applicable sizes

USES

- Repeat application
- Packaging and bundling

PACKAGING

1# & 1/4# boxes

OUR BOXES HAVE A CONVENIENT PERFORATED TOP FOR EASY PICKING

STERLING®

Best value! This band provides the ideal combination of reliable hold and cost-per-band savings.

FEATURES

- Best value per rubber band
- High rubber content
- Excellent band count per pound
- Soft, easy stretch helps prevent carpal tunnel syndrome
- Excellent memory for repeat use
- Meets federal specification A-A-131B for applicable sizes

PACKAGING

Crepe: 1# & 1/4# boxes, 1# poly bags

Colors: 1# boxes

COLORS

ADVANTAGE®

This band is ideal for everyday office, home and industrial applications. It has higher tensile strength for good, firm stretch.

FEATURES

- Midrange rubber content
- Good band count per pound

USES

- Industrial applications
- Everyday use

PACKAGING

Crepe: 1# & 1/4# boxes, 4/1 (four 1/4# poly bags in a 1# box), 1# & 1/4# poly bags

- 3 7/8" X 1/2"

USES

- Cause awareness
- Sports team support
- Government agencies
- Company fleet vehicles
- Auto insurance companies
- Department of transportation
- Telecommunications companies
- Promotional giveaway for company events, trade shows, sponsorships, fundraisers, etc.

PRODUCE & FLORAL PRODUCTS

We work closely with growers to provide products that meet your needs in size, quality, stretch and changing industry requirements. If the size you need is not shown, just give us a call.

IMPRINTED PLU BANDS

Unlike poly bags and twist ties, our price lookup (PLU) bands allow produce to be touched and seen with a fresher, more appealing look.

FEATURES

- Will not leave brown water spots and rust spots
- Gentle on produce
- Reusable
- Made in USA

- Shrinks with produce as moisture is lost
- Meet country of origin labeling requirements (C.O.O.L.)

USES

- Secure a wide range of produce

PROTAPE DISPENSERS

These dispensers streamline your normal wrapping procedure, allowing you to manually dispense, wrap and cut any length of tape.

300V

This basic dispenser allows easy handling and cutting of ProTape for manual application. The 300V has a lightweight and durable construction making it ideal for flexible low-volume applications.

300V-II

This economical dispenser features an application plate to measure, cut and apply ProTape to asparagus, spinach, leafy lettuces, green onions and other fresh vegetables. The 300V-II is lightweight, durable and versatile.

350V

This specialized ProTape Dispenser has a contoured cradle to receive green onions, leeks and other small bundles for wrapping. The 350V has a unique design that speeds applying and assures a tight, neat package.

3000V

With the push of a hand this semi-automatic dispenser measures, wraps and seals to make a secure and attractive bundle. The 3000V is three times faster than the pull and cut dispensers and built to give hassle-free service.

5000V

When two hands are required to handle your produce, this electric ProTape Dispenser can be activated by the foot pedal feature. The 5000V is built for speed and ease of application.

THE SPECIALIZED CRADLE OF THE 350V DISPENSER IS PERFECT FOR GREEN ONIONS, LEEKS AND SMALL BUNDLES

Bandology

The humble rubber band comes from remarkable origins and has unlimited uses. Consider these quick facts and learn more clever uses for rubber bands by reading our Bandology blog at rubberband.com.

1.75 BILLION BANDS

For three months from 2013 to 2014, we went into round-the-clock production to meet holiday demand for the Wonder Loom, producing 336,000 pounds of loom bands.

15,000,000+ LBS. OF RUBBER ARE EXTRUDED BY ALLIANCE EACH YEAR

763,158 TREES
The number of rubber trees it takes to supply the latex to meet our annual demand.

CLOSING CLAWS

We close many of the claws of the 280,000 tons of lobsters harvested each year worldwide.

55 COUNTRIES

We sell in this many nations. Exports make up about 9% of our annual sales.

READ ALL ABOUT IT!

We supply around 600,000 pounds of bands to newspapers every year.

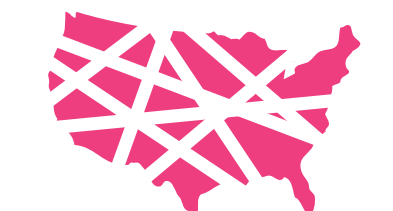

\$256,000

A dress made of 24,000 loom bands recently sold on eBay for a wallet-stretching £170,000. It took 45 hours (and about \$70 in bands) to create the size-4 dress.

MEGATON

The largest rubber band ball in the world, dubbed 'Megaton,' weighs 9,032 pounds. Our band ball (above): 250 bands.

375,000 ROLLS

Customers buy approximately this many rolls of ProTape® each year. That's enough tape to crisscross the United States more than eight times!

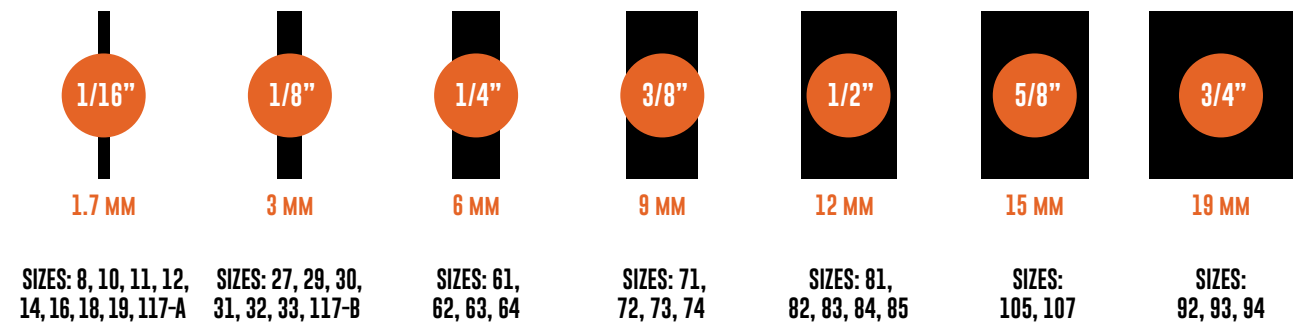

TONIGHT SHOW TIME BOMB

It took 206 rubber bands for Jimmy Fallon and Shailene Woodley to explode a pumpkin on The Tonight Show in 2014.
