WHO WE ARE

A family business founded in 1992, Primetac has grown into one of the largest carton sealing tape suppliers in the United States. We offer a superior quality line of pressure sensitive tapes which includes hot melt, acrylic and solvent rubber adhesive tapes, reinforced filament tapes, strapping tapes, masking tapes, printed tapes, PVC film tapes, and 5-layer cast stretch films in narrow widths. We maintain a true nationwide presence with distribution centers in New Jersey, California, Florida and Washington which together hold an average inventory of 250,000 cases of product. We sell about 1,000,000 cases of tape and stretch film per year – and growing!

OUR QUALITY

We have worked hard to earn a reputation for quality products. We cultivate this reputation through state-of-the-art manufacturing facilities and an ASTM compliant in-house laboratory for quality control. Our products are engineered to be the best in the industry. We are very proud of the product line which we have developed.

OUR SERVICE

Our team is the best in the industry. Each of our customers has a dedicated customer service representative who cares about the success of our company and our customers. Our ownership and management are directly involved in every aspect of the business; at Primetac, we work as an integrated, close team with our first class staff reporting directly to management. Our approach is uncompromisingly hands-on for a company of our size. This cost-effective structure keeps our overhead low and allows us to offer our products for competitive prices.

Let us help you to grow your sales. Discover our passion for quality, our devotion to our customers and the benefits of working with our team. See why the market is coming in our direction.

POLYPROPYLENE-BACKED CARTON SEALING TAPES:

PP CARTON SEALING TAPES - HOT MELT ADHESIVE

Product #	total thickness (mils)	film thickness (microns)	application	stock colors	adhesive	tensile strength (lbs per 1")	adhesion to steel (oz per 1")	elongation % at break
601	1.5	24	hand	clear,tan	synthetic rubber	18	≥30	<150
605	1.6	25	hand, machine	clear, tan	synthetic rubber	20	≥36	<150
615	1.8	28	hand, machine	clear	synthetic rubber	22	≥42	<150
620	1.9	30	hand, machine	clear	synthetic rubber	23	≥44	<150
640	2.4	40	hand, machine	clear	synthetic rubber	30	≥50	<150

PP CARTON SEALING TAPES - ACRYLIC ADHESIVE

400	1.6	23	hand	clear	waterbased emulsion acrylic	18	≥21	<160
400-LPT	1.6	23	label protection	clear	waterbased emulsion acrylic	18	≥21	<160
401	1.7	24	hand, machine	clear, tan	waterbased emulsion acrylic	18	≥21	<160
402	1.8	25	machine	clear	waterbased emulsion acrylic	20	≥23	<160
405	1.88	25	hand, machine	clear, tan	waterbased emulsion acrylic	20	≥25	<160
419	2.0	30	machine	clear	waterbased emulsion acrylic	23	≥26	<160
419-C	2.0	30	hand, machine	red, white, blue, yellow, green, orange	waterbased emulsion acrylic	23	≥26	<160
420	2.1	28	hand	clear, tan	waterbased emulsion acrylic	23	≥26	<160
440	2.6	40	hand, machine	clear, tan	waterbased emulsion acrylic	24	≥32	<160
460	3.1	60	hand	clear	waterbased emulsion acrylic	28	≥42	<160

PP CARTON SEALING TAPES - SOLVENT NATURAL RUBBER ADHESIVE

501	1.8	25	hand	clear	solvent natural rubber	23	≥22	<150
520	2.0	30	hand	clear	solvent natural rubber	28	≥22	<150
540	2.4	40	hand	clear	solvent natural rubber	34	≥26	<150
560	2.9	50	hand	clear	solvent natural rubber	42	≥26	<150

MOPP TENSILIZED STRAPPING TAPES:

Product #	Description	Stock Colors	Adhesive	Total Thickness (Mils)	Tensile Strength (lb/1")	Adhesion to Steel (oz/1")	Elongation Percent at Break
120	economy grade mopp tensilized strapping	black	acrylic	2.7	90	30	30%
140	standard grade mopp tensilized strapping	non-stock	acrylic	4.7	145	35	30%

FILAMENT TAPES:

220	economy grade fiberglass reinforced filament tape	white	hotmelt	3.9	100	69	4%
222	fiberglass reinforced with high-performance rubber adhesive	non-stock	hotmelt	4.1	110	60	4%
230	standard grade fiberglass reinforced filament tape	non-stock	hotmelt	4.0	125	65	4%

MASKING AND PAPER TAPES:

800	general purpose crepe masking	white	hot melt rubber	4.65	20	>45	<20%
805	economy grade reinforced water activated tape	natural	Water activated	3-way fiberglass reinforced non-asphaltic			

PVC FILM TAPES:

257	rigid PVC film tape for thermo-forming	red	solvent natural rubber	2.8	413	18	75%
900M	cast UPVC film tape silent release, hand-tearable	clear, tan	solvent natural rubber	2.2	31	25	70%

DUCT TAPES:

750	PE coated cloth duct tape	silver	natural rubber	7	21	46	<30%
-----	---------------------------	--------	----------------	---	----	----	------

STOCK PRINTED TAPES:

405	stop printed tape	red print, white base	acrylic	1.88	20	>25	<160%
-----	-------------------	-----------------------	---------	------	----	-----	-------

DISPENSERS:

2" economy	economy dispenser with adjustable brake, natural rubber roller, static cling strip and blade guard.
3" premium	premium dispenser with adjustable brake, natural rubber roller, static cling strip and blade guard.

MOST PRODUCTS ARE AVAILABLE IN NON-STOCK SIZES, COLORS, AND THICKNESS.
PLEASE INQUIRE WITH YOUR SALES REPRESENTATIVE

5 LAYER CAST STRETCH FILM:

Product #	Description	Stock Gauges	Stock Widths
X-Series	stretch film on PVC or fiber handles	48 hybrid, 55 hybrid, 70, 80.	20"
Banding Film	narrow width stretch film*	55 hybrid, 80,90,120,150.	3", 5"

* 3" films on 3" paper core (1 plug-in handle per case). 5" films on 1" extended paper core or 3" paper core (1 plug-in handle per case)

MATERIAL SAFETY DATA SHEETS (MSDS) FOR ALL CARTON SEALING TAPES ARE AVAILABLE ON OUR WEBSITE
