

CS5 Compact Series Micro-Scrubber

Operationalizing CS5: What You Need to Know

Here is what to expect with the CS5:

- Powerful scrubbing capabilities in a light weight, compact machine
- Tennant supported one year parts warranty for both machine and battery
- Network of remote support from Tennant by dialing [800-553-8033](tel:800-553-8033) (from customer service to technical support)
- Entry level price point

Here is what is different with the CS5 than other machines from Tennant:

- Ease of use & simplicity of machine do not require installs
- Warranty covers one year of parts, no travel or labor
- Service plans do not apply
- Maintenance and troubleshooting designed to be 'DIY' to help lower overall cost of ownership. Digital support tools & videos available at www.tennantco.com/CS5

What's included in the box:

- Compact series scrubber
- Battery & charger
- Operator manual
- Quick setup guide (textless)

6 Easy steps from box to use (reference quick setup guide):

- Unpack from box
- Install front guide wheel (found in bag with operator manual)
- Install front squeegee (remove front tank)
- Cut 2 wire tags holding rear squeegee in place
- Install brush
- Charge battery

Important notes:

- Empty tanks prior to storage
- Always store machine in upright or vertical position
